

Exciting Professional Franchise Business for Sale Australia wide

Here's your chance to get in on the ground floor with a new franchise business that's about to sweep Australia.

Become your own boss, set your own hours and work from home. Are these important factors when daydreaming about that perfect job? The best part is no experience is required! Stop dreaming and read on. Surprise! You probably never thought you'd see the words "exciting" and "tax depreciation" in the same sentence. But this franchise is exciting because it's different. And it's different because it involves helping residential property investors maximise their tax depreciation claims. Don't think for a moment you'll be sitting in an office, calculator in hand, number crunching! That's not what this is about at all. You'll be out meeting new people every day. Property investors or their advisors, eager to see you. Because they need help. Help that you can provide. You see, up to 50% of property investors in Australia pay too much tax by not claiming the depreciation they're entitled to. So you'll be helping people save tax. You'll earn a fee for every lead generated, every sale made and every depreciation report prepared. And the last, least exciting, part of that is done by the franchisor. When you join this new franchise group, you'll acquire your own territory. You'll also get your own car, laptop, ipad and iphone. Plus all the software required to run your business.
